

We proudly specialise in the field of car finance, particularly in secured car loans, novated leases, commercial hire purchase (CHP), chattel mortgages as well as many other finance options.

The fact that our finance consultants have access to many different finance products from numerous lenders, this generally means they will get a better deal than the bank! Because of the volume of loans we approve we can offer you the best interest rates available.

Our finance consultants will step you through the process of applying for your car loan, making it very easy and resulting in same day approval in many cases.

Even if you have had trouble getting a car loan before and you don't have a deposit, it's OK! Just contact us and one of our specialist finance consultants will do their best to assist you.

You can get pre-approved then go looking for your car knowing that you have your money ready to go when you use **Platinum Direct Finance.**
